FOR IMMEDIATE RELEASE

County Office Building Restrictions

Viroqua, WI, March 17th, 2020-

In an effort to mitigate the spread of Covid-19, and create social distancing, effective Tuesday, March 17th at 4:30pm all Vernon County buildings will be closed to the public. Starting Wednesday, March 18th at 8:30am a number of Vernon County employees will be working remotely, consistent with continuity of operations plans that have been developed. The plans were recently updated as Coronavirus emerged as a global pandemic. Countywide, wherever possible a number of county employees will have the technical capability to work outside of an office setting and, effective today, are beginning to reduce face to face human contact. This will help provide social distancing at work consistent with public health recommendations. Using prevention, we can slow the spread of the disease and protect the most vulnerable.

There will also be County staff present and working in the County buildings. Vernon County officials are encouraging people to conduct business with County Departments via phone and email when possible. If you need to meet with a county department you are asked to call ahead and make an appointment with that department. A list of department phone numbers can be found below, and also on our website www.vernoncounty.org
