

On behalf of the family of Mallery M. Muenzenberger and Major Harris we again want to thank everyone who has helped in the search. We also want you all to know how much your thoughts and prayers have touched us. Our family is heartbroken and devastated beyond belief. We had so much hope for the return of our beautiful Major, that was shattered yesterday. We have been left with so many unanswered questions. Major's grandparents (Mallery's father and step-mother) are holding to their last few memories of the time spent together before this horrible tragedy began to unfold. Major was with his grandparent's helping harvest the garden, gather eggs from the chickens and go fishing. Mallery's last words to her father were, "I love you Dad".

Our wishes are to have them buried together. One of Mallery's favorite songs was "In Arms of the Angel" by Sarah McLachlan. Our hope is our two angels rest in peace together.

The outpouring from the community both in the Lacrosse area and Milwaukee has been tremendous and appreciated. Please pray for all of our families and that justice is served for those involved in this heinous tragedy.
